- 82% of members say YOC has helped their family spend more time together
- 80% of members say YOC has helped them develop better social skills
- 80% of members say YOC has helped improve their confidence

Quotes from YOCCMN Members

“I love Youth on Course because it allows me access to practice more than I normally would be able to, and it also allows me to golf more with my brother and sister who are also Youth on Course members. Youth on Course awarded my sister a college scholarship, which has taken a big load off my family. Youth on Course has also had a positive impact on my mental game while competing in championships, by applying the things I learned on the course while playing YOC rounds.” -*Waverly Yang, 14*

“I love the Youth on Course program because it gives me access to lots of courses that I normally wouldn’t choose to play because of the cost, and it helps improve my game because I get to practice a lot more than I would if I had to pay full price. It also has benefitted me in meeting a lot of new people my age who are also YOC members!” -*Selena Wu, 15*
