Players are responsible for the appearance of their caddies.***

Caddies and Carts: The use of motorized riding carts is **PERMITTED** during all phases of the Championship. If you choose to use a cart, please pay for your golf cart in the Golf Shop prior to beginning your round. North Oaks *will not* have caddies available. You may bring your own caddie, carry your own bag, or use a walking cart (including motorized) if you wish. The caddie is expected to adhere to the dress code and act appropriately while at the qualifying site. You are responsible for the actions of your caddie.

USGA Distance Measuring Device Policy: In Qualifying and Championship proper, a player may obtain distance information by using a device. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g., elevation changes, wind speed, etc.), the player is in breach of Rule 4.3a(1).

USGA Grooves Policy: In Qualifying as well as in the Championship proper, the player's clubs must conform to the groove and punch mark specifications in the Rules of Golf effective from January 1, 2010. The Condition of Competition is available for review on the entry application.

The USGA and R&A have created a reference resource called the Informational Club Database to assist golfers in determining whether their irons, wedges, hybrids and fairway woods comply with the Rules of Golf effective from January 1, 2010 and are permissible for play under the groove condition of competition, which is in effect for all USGA Amateur Championships.

For information about and to access the database, please use click **HERE**. Additionally, for other information regarding the groove condition, please click **HERE**. Use the following link: <http://www.usga.org/grooves/>. Finally, for information regarding the conformance status of clubs not listed or for any other questions regarding the condition, please contact the USGA Research and Test Center at (908) 234-2300.

Player Club Testing is available for all USGA Amateur Championships. Please click **HERE** for more information.

The USGA strongly suggests that all players verify the conformance of their clubs well in advance of their scheduled qualifying competition. It is the player's responsibility, not the USGA's responsibility to ensure that his clubs conform. Waiting until the day of the competition is the fault of the player. The Committee is under no obligation to test the club the competitor may play. However, if it is later determined that the club is non-conforming, including after the competition has closed, the player will be disqualified.
