

FOR MGA MEMBER CLUBS

USGA Tournament Management (TM) powered by Golf Genius, is supported by the MGA and available at no cost to MGA Member Clubs using the GHIN service.

This program promises less work and superior results for organizing and running golf leagues and events.

BENEFITS

- TM is a cloud based software giving you the ability to work with events and leagues at anytime and from anywhere.
- Access to a comprehensive library of tournament/league formats including multi-day, multi-format events and round robin leagues.
- Set up your league and event websites providing rosters, pairings, results and season long competitions.
- Create high-quality, fully customizable and branded scorecards, cart signs, bag tags, tee sheets, etc. No more manual dotting of cards!
- Clone past events and leagues to quickly set up new ones.
- Highly flexible calculations of course and team handicaps.
- Enter scores once and all results are tabulated in seconds.
- Easily displayed TV leaderboards with the "look and feel" of a major.
- Customize website, materials and leaderboards with logos, colors and backgrounds
- Versatility makes it easier to offer new and different formats for golfers.
- A premium version is available for an additional fee with online registration, live mobile scoring functionality, and more.
