Inspire a Dream, Invest in the Future

ABOUT

In 1998, the MWGA Scholarship Foundation was created by the Minnesota Women's Golf Association with the mission to provide scholarships to support young women in their collegiate ventures. This Minnesota non-profit organization has committed \$800,000 in scholarships to 72 recipients. The criteria for judging applicants is based on their academic excellence, financial need, quality of character, and interest or involvement in golf.
